**DRAFT
MINUTES**

**PRE-UNIT MANAGERS MEETING
MAY 26, 1992**

A Pre-Unit Managers meeting was held between Siemens Nuclear Power Corporation (SNP), the U.S. Department of Energy (USDOE), the U.S. Department of the Army Corps of Engineers (USACE), and Geraghty & Miller, Inc. on May 26, 1992 from 1:00 p.m. to 2:00 p.m. at the SNP Richland facility at 2101 Horn Rapid Road, Richland, Washington. An agenda (Attachment 1) and an attendance list (Attachment 2) are attached. Following is a summary of the agenda items discussed.

1) USACE Horn Rapids Landfill (HRL) Sampling and Analysis Plan (SAP)

Geraghty & Miller was concerned that the constituents being sampled by USACE at the HRL were not the same as those indicated in the USACE HRL SAP.

Wendell Greenwald indicated that all were being sampled as proposed in the SAP.

Action Item

Geraghty & Miller requested the addition of total dissolved solids (TDS) analyses. USACE agreed to include them in the next sampling round (August 1992).

2) SNP Phase II Update

Geraghty & Miller updated USDOE and USACE on activities conducted under the SNP Phase II Ground-Water Study.

USACE requested pump-test data as soon as possible. SNP will get back to USACE regarding availability of the data.

The 300 Area pump-test data will be available within a week, and USACE will send it to Jay Bower.

3) Risk Assessment

USACE will present their risk assessment at the May 28, 1992 Unit Managers Meeting. USACE used Phase I Remedial Investigation (RI) risk numbers for fish ingestion and swimming in the Columbia River.

Geraghty & Miller will present the SNP risk assessment approach May 26, 1992 at 3:00 p.m..

4) **Upcoming/Other Activities**

- SNP soil sampling will begin in 1 week.
- The EM-24 report is out and a copy will be sent to SNP.

5) **Handouts**

- SNP Phase II boring logs.
- USACE handed out a well map.

**DRAFT
MINUTES**

**PRE-UNIT MANAGERS MEETING
MAY 26, 1992**

A Pre-Unit Managers meeting was held between Siemens Nuclear Power Corporation (SNP), the U.S. Department of Energy (USDOE), the U.S. Department of the Army Corps of Engineers (USACE), and Geraghty & Miller, Inc. on May 26, 1992 from 1:00 p.m. to 2:00 p.m. at the SNP Richland facility at 2101 Horn Rapid Road, Richland, Washington. An agenda (Attachment 1) and an attendance list (Attachment 2) are attached. Following is a summary of the agenda items discussed.

1) USACE Horn Rapids Landfill (HRL) Sampling and Analysis Plan (SAP)

Geraghty & Miller was concerned that the constituents being sampled by USACE at the HRL were not the same as those indicated in the USACE HRL SAP.

Wendell Greenwald indicated that all were being sampled as proposed in the SAP.
